Cold Chain ASIA (CCA 2018);

ComVac ASIA 2018

Recommendation event:

24th Global Foundry Sourcing Conference 2019

Date: April, 2019 Venue: Shanghai, China

Background:

Industrial Supply ASIA (IS ASIA) is organized by Deutsche Messe. Its parent show Industrial Supply cooperated with world's first industry exhibition HANNOVER MESSE can attract nearly 200,000 industrial visitors every year. ISA is a new start in China, and the continuation of German Industrial Supply. There are hundreds of craft companies, subcontractor exhibitors. The exhibition provides the platform from "factory" to "market", helps semi-finished products find integrators, fine processors and improve the process for the industrial production.

FSC Global Foundry Sourcing Conference has been successfully held for 23 times and has become the most important international foundry sourcing platform. During this exhibition, FSC and Deutsche Messe will jointly organize FSC Industrial Parts Sourcing Conference, combined with the subcontractor exhibitors, to build a professional procurement platform for buyers and suppliers. In addition to have a face-to-face negotiation with buyers, parts suppliers can also visit the exhibition, to learn more about the industrial market.

Conference characteristic:

※ Win-win cooperation:

Global Foundry Sourcing Conference has been successfully held for 23 times and has become the most important international foundry sourcing platform. During this exhibition, FSC and Deutsche Messe jointly organized Industrial Parts Sourcing Conference, combined with exhibition, provide a professional industrial parts sourcing conference for suppliers and buyers.

※ Combined with downstream industry:

Hannover industrial theme exhibition will be held in the same period, sharing the downstream professional

audience and more than 1000 exhibitors of parts in the downstream industry.

※ **Internationalism:**

The industrial parts purchasers are primarily from North America, Western Europe, Middle East, Japan, South Korea and so on. Most of the suppliers come from industrial parts factories all over the world. So far, there are more than 100 World Top 500 enterprises which are members of FSC.

※ **Business matching:**

Before the conference: accurate business-matching. During the conference: buyers make procurement presentation, face-to-face negotiation with suppliers. After the conference: visit factories, etc. We do this to promote purchasing efficiency for suppliers and buyers.

Products list:

Industrial parts: Casting, forging, welding parts, pressing parts, stamping parts and other industrial parts.

Focused field: Transmission system parts, logistics equipment parts, refrigeration equipment parts, compressor parts, heavy machinery parts, etc.

Supporting equipment: Required raw materials, manufacturing equipment, post-processing equipment, testing equipment, software and services for parts processing

Charge standard

Participation form	Fees	Detailed description
